GLENLIVET WHISKY.

THIS WHISKY is a blend from some of the most noted Distilleries in Scotland, and is guaranteed to consist of PURE MALT SPIRIT only. It is thoroughly matured, very mellow, and entirely free from any smoky or objectionable flavour.

As large holders of the different kinds from which the Blend is made, we are in a position to allow the various Distillings to become thoroughly amalgamated before being bottled, an advantage which consumers of the article will readily appreciate.

TREACHER & Co. feel that it would be an insult to the intelligence of their Constituents to *put forward* Chemical Analyses and Medical Reports regarding this "Fine Old Spirit," as, however gratifying these may be in themselves, they are obviously useless as affording a guarantee that the Spirit offered is the same as that commented upon.

TREACHER & Co. consider that the proper test of excellence of any article consists in the demand for it, and judged by that standard, the fact that the sale of their "Fine Old Glenlivet" has increased more than tenfold during the past three years, and continues monthly to increase, may be accepted as conclusive proof of its character and value.

Samples sent on application.

Per 1 dozen case ..... Cash Rs. 22-8.

COMMERCIAL INTELLIGENCE

FRIDAY EVENING, Nov. 26.

THE rapid advance in the value of Cotton at home has induced a material increase in the extent of export business doing both ready and forward, and there has necessarily been something like a corresponding enlargement of operations in Freights and Exchange, so that generally there is more activity apparent. Imports, however, still hang fire, supplies to all appearance being in excess of existing requirements, and notwithstanding the prospect of a large consumption there seems little promise of prices improving unless shipments from home begin to fall off. Money continues remarkably cheap, Sterling Exchange weak, Government Securities firm, Shares quieter.

MONEY.—The last published return of the Bank of Bombay for the week ending on 20th instant showed a further increase of strength, the Cash Balance being larger by 8½ lacs, whilst 12 lacs had been added to the Bank's investments in Government Paper. This affords a very practical exemplification of the position of the general market, which, as yet, so far from showing any signs of greater firmness, is to the full as easy as formerly. Possibly loans for fixed periods might be charged at a trifle higher terms, but at call, advances on Government Paper are still to be had at 1 per cent. per annum.

EXCHANGE.—Although there has been more private paper offering, and a considerably increased business doing, especially for future delivery, the tone of the market has in the main ruled very quiet with a downward tendency. We opened for the mail on the basis of 1s. 7⅞d. for demand Bank and 1s. 7 27-32d. for 3 months' Credit Bills, and no change took place until Wednesday, when in anticipation of the biddings for Council drafts a slightly firmer feeling was apparent with a partial advance of 1-32d. An average of 1s. 7¾d. having been obtained, there would have been a decided upward tendency manifested on Thursday but for the announcement that 35 lacs of Council Bills will be offered at next week's biddings, and a rise of 1-32d., with which we opened, was partially lost again before the close. To-day a very quiet feeling has prevailed, and although rates are not quotably lower for ready bills, the disposition is downwards, and for distant delivery the Banks have reduced their drawing rates 1-32d. We quote at the close Bank Bills on demand 1s. 7⅞d., Telegraphic 1s. 7 19-32d., 3 months' 1s. 7 23-32d.; Credits, 3 months' 1s. 7¾d.; Documents, 3 months' 1s. 7¾d.; France, 3 months' 2/10 per rupee. For future delivery the Banks are sellers of demand to-day at 1s. 7 23-32d. for January, 1s. 7¾d. for February, and 1-32d. per rupee per month higher up to June; but to buy they quote for 3 months' Credits 1s. 7 15-16d. for January and 1-16d. per rupee per month forward making May delivery 1s. 8 3-16d.

As regards the future, there can be no doubt that the advertised increase of 5 lacs in the amount of next week's drawings materially alters the position. The change having been made not from any improvement in rate, it seems evident that the intention is to draw as far as possible up to the full amount of the home charges, and as the balance now undrawn represents something like 37 lacs a week up to the end of the financial year, it is quite on the cards that a further increase in the drawings may again be made at no distant date. With such an export season as we have in prospect, an advance to 40 lacs a week might be made in February and March without seriously depressing the market, but the same amount in January would be a very different matter, and there can be no doubt that the possibility exists.

On Calcutta, the rate for demand drafts has receded to 1-16 per cent. discount to par. For 60 days' Bills there is no quotation in the absence of sellers. On China, we call 60 days' sight Mercantile Bills Rs. 219 per 100 dollars.

From Hongkong, the latest quotation by wire for 4 months' sight Bank Bills on London is 3s. 8⅛d. per dollar, and from Shanghai 5s. 2d. per tael.

GOVERNMENT SECURITIES.—In the early part of the week the market was steady without much change, but during the past four days a strong demand has been manifested and rates have advanced ¾ to 1 per cent. on last mail's quotations, the following being closing figures:—Fours Rs. 98⅝; Fours-and-a-half Rs. 107¾. At these prices business has been done, and there are still buyers.

SHARES.—We had active markets with rising prices for the first two days of the week, but latterly a decided re-action has been apparent, and prices have in a number of cases lost more than the previous advance. In *Bank* shares, Bank of Bombay are Rs. 2½ lower on the week, while Nationals are Rs. 2, and Orientals Rs. 5 higher. In *Land* Companies, Colabas show an advance of Rs. 10, while Port Cunnings are Rs. 2½ lower. *Press* shares as a general rule show great firmness. We quote a rise of Rs. 5 in Mofussil, Rs. 10 in Broach Cotton Company and East India, and Rs. 35 in French Press. New Indian are Rs. 2½, Albert Rs. 5, and Apollo Rs. 20 per share lower. In *Spinning and Weaving Mill* shares the fluctuations have been considerable. In the beginning of the week there was strong buying at rapidly advancing prices, but the rise which has taken place in Cotton has served to turn the tide the other way, and during the past few days a considerable decline has been established. On our last mail's quotations, an advance has taken place of Rs. 90 in Albert and Rs. 105 in Dhurremseys, but both of these companies are subjects of speculation at the moment for exceptional reasons. Coorla are Rs. 45, Prince of Wales Rs. 30, Jewraz Balloo, Madras United, and Soonderdas Rs. 5, and Morarjee Goculdas Rs. 10 higher. On the other hand, there has been a decline of Re. 1 in Anglo-Indian, Rs. 5 in Madras and Western India, Rs. 10 in Bhownugger Mills, Khandeish, and Mazagon, Rs. 15 in Hindustan and Victoria, Rs. 25 in Alliance, Central India, Manockjee Petit, New Great Eastern and Oriental, Rs. 40 in Khatao Mucconjee and National, and Rs. 85 in Empress. In *Miscellaneous* Companies, there is an advance of Rs. 5 in Treacher and Co. and Thacker and Co., Rs. 6 in Bombay Ice, and Rs. 10 in Bombay-Burmah Trading. Bombay Saw Mills are Rs. 5, and Prince of Wales Fire Insurance Rs. 10 per share lower.

PIECE-GOODS.—The demand in the bazaar to begin with showed signs of increased activity, and for a few days the clearances were at the rate of about 500 to 600 packages a day; but latterly, notwithstanding the stronger character of the home advices, the enquiry from up-country has again fallen off to something like 300 to 400 packages, and the total off-take of the week is only put at about 3,000 to 3,200 packages. Practically there has been no change in prices, but if anything the feeling in this respect has become a shade firmer, the rise in Manchester, coupled with easier exchange, rendering it quite impossible to replace at present currencies. There is nothing, however, indicative of a material advance, supplies both here and up-country being evidently more than equal to the consumption, and a rise cannot well be anticipated until shipments from home begin to show symptoms of contraction.

Of *Local* made goods the sales this week are estimated at 1,800 to 2,000 packages at average prices of from 8¼ to 8⅝ annas per lb.

TWIST.—For English Yarns the demand continues limited in the extreme, and although sellers in view of the advance at home decline to accept lower prices, there is nothing approaching firmness in the market, stocks being large and values to a great extent nominal. For *Local* spinnings a duller feeling also prevails, the enquiry from up-country being small, whilst advices from China latterly have been less favourable. The sales of the week have been about 1,400 to 1,600 bales at As. 7 5-16 to As. 7⅞ per lb. for 20s.

METALS.—*Copper*.—A moderate business has been done of late at unchanged prices, the market being steady with moderate stocks. *Yellow Metal* is also without change in value, but supplies are comparatively light, and the market firm. In *Iron* transactions latterly have been very limited, and we have no movements in value to notice.

COALS.—The market has been steady with few sellers to arrive, and prices may be called partially Ans. 4 per ton higher on the week. A cargo of Davison's West Hartley by steam has been sold at Rs. 16½, and two cargoes of Cowpen West Hartley at Rs. 16-8 to Rs. 16-12 per ton respectively. To-day we quote Cardiff Rs. 16-12 to Rs. 17, Davison's West Hartley Rs. 16-12, Laird's Rs. 16 per ton alongside.

COTTON.—Under the influence of exciting telegrams from Liverpool and New York we have had very active markets this week at daily advancing rates, until at the close our quotations show a rise of Rs. 7 to Rs. 10 per candy in Old and Rs. 15 to Rs. 17 per candy in New Crop. The purchases reported during the week make up a total of about 15,000 bales, of which about 8,000 bales consist of Old G. F. and F. G. F. Omras, 2,000 bales Old Dholleras, 2,000 bales New Omra, 2,000 bales New Ginned Broach, and 1,000 bales New Hinguughaut. At the close sellers are very strong, and with further encouragement from Liverpool the market is evidently ripe for a stiff advance; sixteenths in Liverpool producing eighths here.

New Crop.—The arrivals from up-country so far have been confined to a few hundred bales of Hinguughaut and Omrawuttee, of neither of which could the quality be called at all satisfactory. Black leaf and stain are plentiful in both growths, and it is to be feared that the rains which have fallen in these districts within the past few days will further deteriorate the quality, although tending if anything to increase the quantity. From Broach the accounts are scarcely so universally favourable as they were, but nevertheless we still count on a large and good yield, whilst from Dhollera we continue to hear everything that is favourable.

In another fortnight or so arrivals of Hinguughaut and Omrawuttee will begin to assume some importance, but the Mohurrum festival will restrict supplies in the middle of December. In January, however, we may expect to see much larger quantities of New Cotton than usual, and February ought to bring us both Broach and Dhollera in quantity.

The *Receipts* of Cotton from up-country to date give the following comparisons with the two previous seasons:—

	1880.	1879.	1878.
For the Week	7,788	5,336	4,550
Since 1st September....	61,068	73,904	41,239
Since 1st Jan.	1,116,815	839,674	899,640

The *Clearances for Sea* since the departure of last mail have been 3,826 bales, making a total of 887,967 bales since 1st January, against 629,839 bales for the same period last year.

The following are to-day's quotations for Fullpressed Cotton with the equivalents in Sterling, Cost, and Freight to Liverpool, via Canal, without Commission:—

SEEDS.—*Linseed*.—A fairly active demand has prevailed throughout the week both for ready and forward delivery, at practically unchanged prices, say Rs. 6-14 and Rs. 6-8 per cwt. respectively. In *Rapeseed* there is nothing doing, the quotation being nominal at Rs. 5-15 per cwt. for May delivery new crop. *Gingelly* is weak at a further decline of As. 8 per candy, to-day's quotations being Rs. 38 to Rs. 39 for Mixed, Rs. 40 to Rs. 41 for White, and Rs. 36 to Rs. 38 for Red.

EXCHANGE continues in strong demand at steadily advancing prices. A large business has been done, and we now quote Soft White at Rs. 34 to Rs. 34½ per candy.

TELEGRAMS.

THE SECOND DIVISION OF THE KABUL-KANDAHAR FORCE.

(FROM OUR SPECIAL CORRESPONDENT.)

KANDAHAR, Nov. 26.

General Phayre, in taking leave of the Second Division, tenders his acknowledgments to all ranks for the prompt and efficient support which he has invariably received from them since the organisation of the division in August last. It has afforded him sincere pleasure to bring specially to the notice of His Excellency the Commander-in-Chief the admirable energy and zeal which actuated all during the trying and memorable march from Sibi to Kandahar for the relief of the garrison in direct co-operation with the Kabul-Kandahar column under Sir F. Roberts. Although the division was not fortunate enough to arrive at Kandahar in time to participate in the glorious victory of the 1st September, yet the General believes he may quote from the Viceroy's speech on parade at Lahore on the 13th instant the following passage, as applicable to the Sibi-Kandahar line of communications equally with others:—"But, Sir, if we recall with pride these gallant and stirring deeds of war and victory, there have been other incidents in these operations which we cannot in justice overlook. We cannot forget the services which have been rendered by those officers and regiments who were set to guard the lines of communications, and I hold, as I have already had occasion in this country to state, that our gratitude is equally due to those who performed that duty with such unvarying patience and such firmness in difficulties and trials quite as great as those which were undergone by their comrades who had the better fortune to be engaged in the front." Let these words, remarks General Phayre, from the highest authority in India, convey to all ranks the assurance that their distinguished services on the occasion under reference are recognized and appreciated.

AYOUB KHAN.

There is no news of importance.

Ayoub's troubles at Herat are increasing.

Here the people are settling down to the belief that the British are in treaty with him, and the fact that more land is being brought under cultivation shows that hostilities are not anticipated, during the winter months at least.

THE Chamber of Commerce intend to present an address to the Viceroy during his stay in Bombay.

IT is hoped there will be a good turn-out of the Bombay Volunteers on Monday afternoon at the general parade of troops in garrison for inspection by the Viceroy. Proprietors of business houses will show a commendable public spirit who close their establishments early Monday afternoon in order to allow their employes to attend. There will be no other parade next week.

HIS EXCELLENCY LORD RIPON will attend the mass to-morrow morning at eight o'clock at the Roman Catholic Cathedral, Kalbadevie, and after wards will be present at a special meeting of the Society of St. Vincent de Paul, which will be held in the hall of St. Xavier's College.

WE are informed that the paragraph in the directions for H. E. the Viceroy's levee on Monday commencing "Gentlemen not having been already presented are requested to send their names," &c., has reference to gentlemen who have not been presented either at the Court of St. James', to the Viceroy, or to a Governor or Lieutenant-Governor.

THERE was a large audience at the Town Hall last night on the occasion of the Scottish Orphanage concert. The entertainment was a complete success. We reserve a detailed notice.

THE Rangoon-Toungoo Railway, it is stated, is to be set on foot at once. When completed this line will greatly strengthen the military position of the Government of India in Burmah.

THE Government of India has under consideration a project for the construction of a new line of railway in the Punjab, between Delhi and Ferozepore. The line of direction, it is proposed, should be through Rohtak, Hansi, Hissar, and Sirsa, though an alternative route *vid* Rewari and Hansi will also be examined. A reconnaissance of the country between Delhi and Ferozepore is about to be at once commenced, and the duty has been entrusted by the Government of India to Mr. H. Lambert, Superintending Engineer. The Allahabad paper says that the construction of a line between Amritsar and Pathankot is expected to be shortly sanctioned.

THE *Dnyan Prakash* is a warm admirer of Mr. T. C. Hope, but objects to his appointment to the local Executive Council on the score of a lack of judicial training. "The principal rule of guidance with a revenue officer," says our contemporary "is his discretion, while that with a judicial officer is the written and unwritten law, which allows little or no room for discretion. We had hoped that the departure from the salutary and traditional practice made on the occasion of the appointment of the Hon'ble Mr. Ravenscroft to the vacancy caused in the local Council by the retirement of the Hon'ble Mr. Gibbs would prove only exceptional, and would not be looked upon as a precedent. We were confirmed in our belief that such would be the case when the Hon'ble Mr. Justice Kemball, of the Bombay High Court, was appointed in March last to fill the temporary vacancy in the local Council caused by the short-lived elevation of the Hon'ble Mr. Ashburner to the Governorship of Bombay. And we were led to believe that the next vacancy in the local Council would be filled up by the Hon'ble Mr. Justice Kemball or some other similarly trained judicial officer. But the new announcement in the last number of the *Bombay Government Gazette* has dealt a heavy blow to all our hopes; and we apprehend that the precedent inaugurated last year is now to be confirmed in perpetuity. We have had more than enough of this so-called beneficent and tender reign of discretion, and it is high time, we think, that a memorial numerously signed were adopted, strongly protesting against this thoroughgoing exclusion of the judicial element from the local Council."

IT is strange, the Lahore paper remarks, that we have heard nothing yet of any recognition by the Government of the services of the Naga Field Force. Yesterday was the anniversary of the assault and capture of Konoma—as gallant an action as any in our Indian annals; but except the bestowal of the Victoria Cross on Lieutenant Ridgeway, and the grant of the order of merit to five non-commissioned officers and men of the 44th Native Infantry, nothing has been done to reward the troops for their continuous and arduous labours throughout a very harassing and protracted campaign. The neglect in this instance is in glaring contrast to the approbation and solid prizes lavished on the forces in Afghanistan. Batta, medals, decorations, promotions, prize-money, all the good things due to successful soldiers, have been freely given in one case, while they have been hitherto withheld altogether in the other and, as judged by the results, the more successful campaign. The 44th N. I. alone lost three British officers killed and wounded, three native officers, and seventy-two of all ranks killed and wounded. The hard fighting and hard work which has fallen to this regiment during the past two years has not been surpassed by any encountered by other portions of the native army, and it is bad policy to leave them unrecognized, while the more favoured regiments obtain full reward and compensation. It was understood that a medal would be granted for this as well as for previous campaigns on the Eastern Frontier. And six months' batta would be money as well invested there in compensating good soldiers for their labours as in any other part of the India. Our contemporary sincerely hopes that the Government will not allow it to be said that its attention cannot be claimed to remote parts of the empire; that good service in Assam is uncared for and forgotten; and that it does not matter whether regiments so distant from headquarters are contented and efficient, or the reverse. But these are the conclusions likely to be drawn by the total neglect which has hitherto attended the services of the Eastern Frontier Brigade.

IN his "Reminiscences of the Afghan Campaign," the *Pioneer's* special correspondent mentions, with reference to the occupation of Kabul, that "there were no quarrels about *liaisons* with the wives or daughters of citizens, the proud boast of General Roberts when he left Afghanistan being that no complaint had ever been made of illicit relations with the women of the country. The gallants who longed for the sight of a fair-skinned face, when they were not lying under a few inches of snow or scaling a hillside under heavy fire, had the good sense not to forget that love-making was forbidden, even if platonically pure. They might have tried to appease any Mussulman's ire by quietly reminding him that even

> Mahomed, born for love and guile,
> Forgot the Koran in his Mary's smile;

but then 'orders must be obeyed,' as I have already said—and they did not."

WE are not so much given to punkahs on this side of India as are the Calcutta folks, but still the introduction of an economical machine to supersede the punkah-coolie would be a *desideratum* to many people. Mr. H. Bull, late P. W. D., Bengal, and now of Calcutta, about two years ago patented a machine for pulling punkahs, and he has lately, in conjunction with a friend, patented an improvement of the same called the "hydraulic punkah-coolie." The machine has been tried on punkahs of all sizes, and Mr. Bull is satisfied that it will work efficiently. It yet remains, however, to reduce it to a practical, convenient, and inexpensive shape; and the inventor is forced to the conclusion, after spending on it a considerable sum, and what leisure he could spare, that it will take the whole of an experienced man's time to bring the machine to perfection, if this is to be done within a reasonable period, which is an expense he cannot afford. In order to perfect his machine he now asks for public subscriptions in units of Rs. 10 each. The amount thus subscribed will be faithfully expended for the object referred to, *viz.*, to experiment on, and carefully work out, if possible, to perfection, the patent hydraulic punkah-coolie, and further, to determine what is the best form of punkah. Mr. Bull calculates that "where one punkah in a house has to be kept working all day the cost is seldom or never under Rs. 12 per month (in the presidency towns it is much more than this). The cost of working the machine, which it is confidently hoped will never exceed as 4 per day, would be Rs. 8 per month. Mr. Bull hopes to reduce the first outlay to Rs. 200.

MR. W. H. MEEK, C. S., Political Officer in the Khyber, has been appointed on political duty at Kandahar. The excellent work performed by this young officer in the Khyber, the *Pioneer* affirms, has brought him prominently before the public and the Government; and he is to be congratulated on having been selected for his new post.

COLONEL TANNER, who has gone to help Major Biddulph at Gilgit, knows something of the country, for he was sent to survey in those parts last year. Between the middle of August and the middle of October he was able to map, on a scale of 4 miles to the inch, an area of nearly 2,000 square miles. He observes in his report that "the Rajahs of Ponyal and Chaprot were, perhaps, *too* careful of me, and tried constantly to impress on me the danger I ran in surveying without a strong escort both at the frontiers of Yassin and Hunza." Colonel Tanner would have carried his surveys into Yassin; but at Yakuch, where a fort marks the extreme limit of the territory under the Maharajah of Kashmir's influence, he received an order from the Government, saying he was not to cross the frontier. The *Pioneer* thinks it is quite likely that the surveys which Colonel Tanner was allowed to carry on may partly account for the present disturbances.

ACCORDING to the *Indian Herald*, it is not unlikely that Mr. W. Holmes, C.S., just now on special duty at Mussoorie, as "keeper" of the ex-Amir Yakub Khan, will go home on furlough in March next. The *Indian Mirror* thinks "it is very uncomplimentary to the fallen Majesty of Afghanistan that the deported ex-Amir should have a keeper, like a lion, a royal tiger, or some other specimen of the *feræ natura*. Surely our contemporary might have been less sparing in word and type, and described Mr. Holmes as special officer in attendance on the ex-Amir."

*

OF the English election commissions Mr. Labouchere, M. P., writes in *Truth*:—It is no secret that the Attorney-General and the late Attorney-General, who, by courtesy, was allowed to nominate a certain number of the commissioners, were overwhelmed with applications by barristers, who thought five guineas per diem and expenses an exceedingly nice thing. Those who obtained the appointments are neither better nor worse than the majority of human beings, and once in a town, their proceedings must have a tendency to prolong an inquiry, and to obtain as many five guineas as possible. I do not blame them for this; it is human nature. But I do blame them for two things: one is that no sooner have they traced the bribery to a party source in London than they do not push the inquiry home. It has been stated in more than one case that money was provided by certain leaders of the Conservative party in London. Why have not those leaders received a subpœna? My other complaint is that, when they have abundant evidence that a person has bribed, they are not satisfied with it, and allow the briber to appear as a witness against himself, and thus to secure immunity against an indictment. Now, I am fully convinced that bribery will not cease until a few eminently-respectable bribers are picking oakum in one of her Majesty's prisons. An ex-mayor or two, and a few aldermen, subjected to prison fare and prison discipline for a few years, would have a wonderful effect in eradicating the delusion that if one side bribes, it is right and even laudable for the other to do the same.

A RECENT ACTION ON A PROMISSORY-NOTE.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—My attention has been just drawn to a paragraph, headed "Action on a Promissory-note," which appeared in your local columns on Wednesday, the 24th instant. I would not now notice it but for several inaccuracies which call for correction. Your reporter ought to have reported the case as follows:—

I stood security for a bailiff of the Small Cause Courts for a small amount lent him by Messrs. Foola Jeewa, Marwadis. The bailiff would not, or could not, pay, and I was summoned to appear before Mr. Spencer. I explained to His Honour that the money was not due by me, but by another party, who was not before the Court, His Honour decided, and very properly, that since I had given my signature for security, I was obliged to pay in the absence of the principal defendant. He scouted the plea of the plaintiffs, who had evidently been tutored, that I was about to leave Bombay, and considerately allowed me to pay the debt by monthly instalments.

Trusting that in justice to me you will publish this in your next issue, I remain, &c.

MALABAR HILL CHURCH.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—I desire to point out one or two inaccuracies in your reporter's account of the laying of the corner-stone of the Malabar Hill Church. The concluding paragraph was taken from a circular (now happily obsolete) which was issued last July, when the position of the funds was different to what it is at the present time. Now, as pointed out in your paper a short time since, the whole amount of the private contributions, viz., Rs. 8,608, has been already paid into the Government Treasury; so that there will be no further delay in the construction of the building. The money still required (Rs. 2,300, not Rs. 3,000, as stated by your reporter) is to pay off the sum so kindly advanced by a layman who has shown a warm interest in the erection of the church. And the amount of the Government grant-in-aid is Rs. 5,000, not Rs. 15,000, as stated in your paper.

HYDERABAD RACES.

(FROM OUR OWN CORRESPONDENT.)

HYDERABAD (DECCAN), Nov. 23.

THIRD DAY.

THE lotteries on the third day's racing were well attended and speculation very brisk. Lottery-papers were filled as fast as the secretary could write; and as soon as the public got tired of filling lotteries, "pools" became the order of the day, or rather night, and a good deal of business was done. "Jupiter Pluvius," however, had prepared a blow for the backers of public form and heavy weights, for about 2 a.m. rain began to fall steadily, and it kept on either raining or drizzling till about two hours before the racing began. This, of course, altered the aspect of affairs very considerably, and horses that had been made very strong favourites overnight, receded rapidly in the betting before the race. The rain having cleared off about 2 p.m., hopes were entertained of a fine afternoon, but just as the saddling bell rang for the Galloway Plate a heavy shower came down, and although it only lasted about quarter of an hour, still it was sufficient to entirely extinguish the chances of the heavy weights. A short time after the appointed hour the seven galloways took their canter, Armistice and Oasis quite the pick of the lot as far as looks went, and proceeded to the post. At the first attempt they were despatched on their way, Armistice, pulling Cozens nearly out of the saddle, leading, the rest close up, with Cyrus and The Shah last. This order was maintained for the first half-mile, when Armistice was pulled back, and The Shah improved his position. Turning into the straight, Armistice appeared to be coming, but tiring steadily under the heavy weight, he fell back, The Shah, favoured by his light impost, coming through opposite the stand, and winning easily. This was blow number one for backers, for Armistice had been made a tremendous favourite the night before, and but for the rain he would have won, I think.

Blow number two followed rapidly, for Kingsley, sailing through the dirt with his 7st. 8lb., never gave his opponents a chance, and won in a canter. His win was a very popular one, for the General has been very unlucky of late. The upset of the pot on Mr. Herbert's stable, however, was awful, for the stable had sold for Rs. 1,780. While Kingsley only fetched Rs. 210.

The Desert Stakes was about the best race I have ever seen. Mr. Maitland was very confident, but so also was the Abdool Rahmon division. The result showed that there was not much in it, for after a tremendous race, Rataplan just managed to beat Patrician by a neck in 3 minutes 22 seconds. This proves Rataplan to be a very great horse, for with 9 stone up to win through dirt, giving such a lot of weight to Patrician, is a great performance.

The following is the result of the lotteries:—

SECOND RACE.—(No. 11)—Galloway Plate. Rs. 400, presented by the Nawab Mouthashum-ood-Dowlah Bahadur, and Rs. 400 from the fund. For all Arab galloways, and those bred in H. H. Nizam's Dominions. Entrance as in the Maiden Galloway Plate. Weight for age and inches. Previous winners 3lbs. extra. Maidens allowed 5 lbs., maidens of the meeting allowed 4 lbs. extra, and maidens of the day allowed 7 lbs. extra. Distance 1¼ mile.

Mr. Aga Jan's b a gal The Shah, 8-2, Bowen	1
Mr. Abdul Rahmon's ch a gal Ringlet, 8-5, Hackney	2
The Nawab of Jowrah's b a gal Armistice, 9-5, Cozens	3
Mr. Walter's b a gal Oasis, 9-0, Vinall	0
Mr. C. S.'s b a gal Behram, 8-1, Ramchurn	0
Mr. Warrick's ch a gal Cyrus, 7-12, Ismail	0
Mr. Abdul Rahmon's gr a gal Fairy King, 7-8, Oomer	0

On the fall of the flag Armistice pulling very hard, at once assumed the lead, the remainder close up, with The Shah and Cyrus last. No change till the half-mile, when Armistice was pulled back, and The Shah closed up. Rising the hill, the tailing began, Cyrus, Oasis, and Behram becoming the rear division, shortly afterwards joined by Fairy King, the latter being done in 60 seconds, having completely choked them. Turning into the straight, Armistice and The Shah led, Ringlet a length behind, and it looked like Armistice's race; but the severe pace through the dirt had told its tale, and tiring in front of the stand, the light weight passed him, and won by two lengths: Ringlet second on sufferance. Time 2 minutes 24 seconds.

THIRD RACE.—(No. 12)—The Hyderabad Gold Cup. Value Rs. 1,500, presented by the Government of H. H. the Nizam, with Rs. 1,000 from the fund. A handicap for all horses. Entrance to be published before 10 o'clock a.m., November 22nd. Distance 2½ miles. Five horses in *bonâ fide* separate interests to start, or the cup presented by the Government will be withheld. Entrance, 1st September Rs. 50, 1st October Rs. 100, 1st November Rs. 200.

Major Crosbie's b aus h Kingsley, 7-8, Ahmed	1
Mr. Herbert's b aus c Bluelight, 9-6, Hackney	2
Do. b c c Cheviot, 9-2, Bowen	3
Capt. Blackman's b aus gr g Dick Turpin, 8-6, Vinall	0

This race needs but little description. Kingsley at once jumped off with the lead and went to the front at a great pace, attended by Dick Turpin, Mr. Herbert's pair a long way behind. After they had gone one mile Dick Turpin began to fall back and Kingsley to increase his lead till he was leading by thirty-five lengths. The English horse seemed quite incapable of acting in the dirt; and though Bluelight made his effort half-a-mile from home, he never could get near the flying Ahmed, and Kingsley passed home a winner by many lengths in 4 minutes 30 seconds, the big weights in heavy ground having effectually stopped Mr. Herbert's pair.

FOURTH RACE.—(No. 13.) The Desert Stakes. Rs. 1,000, presented by H. E. Shums-ool-Oomra Ameer-i-Kabeer Bahadur. For all maiden Arabs. Weight for age. Winners once 5 lbs, twice and oftener 7 lbs. extra. Maidens of the meeting allowed 4 lbs, maidens of the day 7 lbs. Distance 1¼ mile. Entrance as for Maiden Galloway Plate.

Mr. Abdul Rahmon's b a h Rataplan, 9-0, Oomer	1
Mr. Maitland's br a c Patrician, 7-6, Ramchurn	2
Mr. Abdul Rahmon's gr a c Irishman, 7-6, Ismail	3
Mr. Wilkinson's gr a h Heliograph, 8-7	0
Mr. Herbert's ch a h Exchange, 8-10, Bowen	0
Mr. Whitehead's gr a h Mahaboob, 8-7 Vinall	0
Mr. Mowbray Shaik's b a h Mirage, 8-7, Hackney	0
Mr. Maitland's gr a c Advance, 7-6, Mahomed	0

The first attempt was a false start, and Patrician breaking away, ran quarter of a mile before Ramchurn could stop him, Mr. Maitland second string rearing and falling back on Mahomed at the starting-post. Mr. Whitehead soon, however, got his field together again, and sent them off quickly, on their way. The race was run at a great pace throughout, and before a mile had been done the tailing had begun, Heliograph, Mahaboob, Exchange, and King forming the rear division. Coming round the last corner, Patrician and Rataplan had reduced the race to a match, and a most exciting finish ensued, Oomer just landing Rataplan on the post: Irishman third, with Advance close up. Time 3 minutes 22 seconds.

FIFTH RACE.—(No. 14)—Trimulgherry Stakes. Rs. 400, presented by the Nawab Busheer-ood-Dowlah Bahadur, and Rs. 400 from the fund. For all Arabs. Weight for age. Winners once during the meeting 5 lbs, twice 10 lbs extra. Maidens of the day allowed 7 lbs. Entrance as for the Maiden Galloway Plate. Distance 2 miles.

Mr. Herbert's g a h Child of the Desert, 9-0, Bowen	1
Mr. Abdul Rahmon's ch a h Fareed, 8-7, Oomer	2
Mr. Wellkonwn's b a h Glenmore, 9-0, Ismail	0

Once started, Child of the Desert waited on Fareed, who had got off in front with Glenmore, all going slow. After half-a-mile, however, they began to race in earnest, and then Glenmore very soon retired, leaving the other two to fight it out. The result was a grand race, Bowen coming with his horse in front of the stand and winning a great race by a length. Time of the whole distance, 3 minutes 55 seconds; of the last 1½ mile, 2 minutes 51 seconds.

SIXTH RACE.—The Stand Plate. Value Rs. 500. A welter race for all horses. Weight for age and class raised 2 stone. Winners once 7 lbs, twice 10 lbs., oftener 14 lbs. extra. Maidens allowed 7 lbs. maidens of the meeting 10 lbs., of the day 14 lbs. G. Rs. Distance 1¼ mile. Entrance 1st October Rs. 25, 1st November Rs. 50, day before the race Rs. 75.

Major Crosbie's b aus gcld Angler, 9-7, Mr. Nasir Shah	1
Mr. Anderson's b aus gcld Baby Boy, 9-11, Mr. Keary	2
Mr. Day's b aus m Flirt, 9-7, Mr. Ali Abdulla	3

A very easy thing for Angler, who, admirably ridden by Mr. Nasir Shaw, was never headedr, and won in a canter. Time 2 minutes 52 seconds.

Below I give the handicap for to-morrow, just published:—

THE VICEROY'S TOUR.

JACOBABAD, 16TH NOVEMBER.

HAVING left Lahore at 10-30 a. m., the Viceroy and party made their next halt at Chunga Munga, a small station on the line of railway to Mooltan, distant forty-four miles. His Honour the Lieutenant-Governor of the Punjab accompanied His Excellency in the special train, and his staff made the party somewhat larger.

It had been arranged that two or three hours' partridge shooting over the forest lands were to form part of to-day's programme; and accordingly elephants were in waiting to take His Excellency and party to the appointed spot, some three miles from the station. A goodly line of beaters had been provided, and no time was lost in taking up position and footing it through the covers. Mr. F. D. A. Vincent, of the Forest Department, had charge of the arrangements, and it was not long before the first shot was heard, duly bringing a "black" to earth. Birds were plentiful, but somewhat wild, so that the total result obtained by the whole party was not so large as it might have been. General Greaves headed the list with eleven brace and two hares, His Excellency following him closely with ten-and-a-half, of which thirteen birds were blacks. The whole bag amounted to some forty-five brace. It was dark before the station was reached. Dinner at 8 p. m., and a few minutes after 10 o'clock the warning was given that "time was up." Mooltan was reached on November 17th at 7 a.m. His Excellency stepped on to the platform under a salute fired by L-5 R. A., a guard-of-honour being furnished by the 88th Connaught Rangers, which regiment, together with the 24th N.I., lined the road from the station to the Commissioner's house. The Commissioner, Colonel Birch, was in attendance on the platform to receive His Excellency and to accompany him to his house, where *chota-hazri* was ready. The halt in Mooltan was but of short duration, little time elapsed, therefore, before a start was made for the fort, the road through the gardens in the Civil Lines being taken. As the city was neared, the approaches were decorated with numerous flags, and several arches spanned the streets at points where the Viceregal carriage was expected to pass. The children of the various schools were assembled at their respective places, with banners, &c. Within the fort the first point of interest was the spot where the guns taken from Ayoub Khan at Mazra were parked. First there were six armstrongs, made at Herat, in outward appearance closely imitated from English patterns. The imitation, however, is not carried out in some of the details; for instance, side sights have been constructed on either side of the vent, but those which should be placed on either trunnion to correspond with them are absent; and an artillery officer present remarked that, in his opinion, Ayoub's gunners could not have made use of the side sights at all. There are six brass mountain guns, five howitzers, and thirteen field guns of the same metal; in all, thirty pieces of ordnance. His Excellency then proceeded to the obelisk, erected to the memory of Vans Agnew and Anderson, and afterwards to the tombs of Bahawal Hak and Rukuud-din. After driving right round the city walls, the Viceroy returned to Colonel Birch's house to breakfast, after which he inspected some of the Mooltan manufactures, being especially pleased with the enamel work and silks which were shown to him. The train was to start at four, and a few minutes before that hour His Excellency drove to the station, the road being lined with troops as before.

At Lodhran, were the train halted a few minutes, there were fireworks and illuminations. But as Bahawalpur was approached a blaze of light was conspicuous, and on arrival it was evident that *chiraghs*, illumination had been ordered to the utmost extent. All the railway buildings were outlined by this simple but most effective mode of lighting, and the whole of the road to the Nawab's Palace, a distance of more than two miles, was similarly illuminated, Chinese lamps being added to brighten the effect. It was stated that His Highness spent three thousand rupees on this alone. The Nawab was present on the platform to receive His Excellency, and to conduct him to the coach; and His Highness, who is a capital whip, having seen the Viceroy safely on to the box-seat, mounted beside him, and drove his own four-in-hand to the palace. Here a banquet was prepared under the auspices of the well-known M. Peliti. The palace is a well-built structure of quite recent date, beautifully furnished in European style (I will not trouble readers with further details, as I believe it was fully described recently on the occasion of the Nawab's coming of age.) His Highness took his seat at table, the Viceroy being upon his right and Sir Robert Egerton on his left. Having given the toast of the Queen-Empress, His Excellency rose to propose the health of His Highness the Nawab of Bahawalpur, first thanking him for his hospitality, and then proceeding to state that he had Her Majesty's commands to express her great satisfaction and pleasure with his loyalty during the Afghan Campaign, and to confer upon him, as a special mark of her approbation, the ribbon of a Knight Grand Cross of the Star of India. Sir Robert Egerton briefly replied, on behalf of His Highness, returning thanks for the honour conferred upon him, and assuring His Excellency that he was Her Majesty's devoted servant. The Nawab drove His Excellency to the station at a little after 10 o'clock, and the train started at 10-30. Here the Lieutenant-Governor of the Punjab and suite took leave of His Excellency, whose party now consists of the Hon'ble J. Gibbs, C.S.I., C.I.E.; A. C. Lyall, Esq., C.B.; Colonel A. Johnson, Secretary to Government, Military Department; Captain Firebrace, R. E., Under-Secretary to Government, P. W. D.; Captain Pierson, R. E., and His Excellency's Personal Staff.

Rohri was reached soon after 9 a. m. on the 18th November. On landing, Lieutenant-Colonel Ross, Collector of Shikarpore, was in waiting to receive His Excellency. A visit was paid to Mir Ali Murad Khan of Khanpur (one of the Amirs of Scinde), whose camp was close by, and whose guns fired a Viceregal salute. The curious collection of boats on the river bank, known as the place of the "Seven Sisters," was next looked at, and then His Lordship embarked on a steamer to cross the Indus. A short detour was made, during which the several objects of interest along the route were explained to the Viceroy, and the corresponding points on each side were indicated. I am given to understand that the proposal most in favour will include an enormous span of 750 feet from the Rohri bank to Bukkur, and thence across to Sukkur by another smaller span. Breakfast was ready at the house of Mr. Price, Deputy Collector of Sukkur. The railway authorities were now busily employed in transporting all the carriages of the Viceregal train over the river. About 5½ hours had been allowed for this work, but it was found that the difficulty was under-estimated and a delay of 2½ hours was the result. The ordinary-sized carriages were easily managed, but the two Viceregal saloons, from their greater length, were more troublesome to manage, and had to be crossed separately. Three or four "dummies," on which rails were laid, were moored alongside a landing stage, and the carriages were simply run on board by manual labour. On the other side, however, the river bank is high, and a tolerably steep incline had to be surmounted, donkey-engines and chains being called into requisition. All was ready for starting at 1-30 p. m., and at 1-45 the Viceregal train left for Jacobabad. But as usually happens, delay is apt to reproduce itself, and at Bargarji there was a halt of about a quarter of an hour, the reason given being that the pilot-engine had not reached the next station, and the necessary "line clear" had not been received. A similar occurrence happened at Buk, and the delay was longer. Jacobabad was eventually reached at some minutes past 9 instead of at half-past 6. Here again the illuminations were very effective, the station and surrounding buildings being lined out with *chiraghs*, the words "Welcome" and "Jacobabad" being conspicuous in gigantic letters of light on the roofs of two buildings near. His Highness the Khan of Khelat, with his two sons, and his followers, was on the platform accompanied by Sir R. Sandeman, K.C.S.I., who introduced him to the Viceroy. Major Reynolds, Collector of Jacobabad, Major Malden, Scind Horse, Commanding the Station, and a large number of officials, civil and military, were also present. After a drive round the cantonment and outskirts of the town, all of which were more or less lighted up, His Excellency went to the house of Major Malden, where dinner was ready for the whole party.—*Pioneer.*

HIS EXCELLENCY AND THE KHAN OF KHELAT.

At the public durbar held at Jacobabad on the 19th instant for the reception by H. E. the Viceroy of His Highness the Khan of Khelat, Lord Ripon delivered the following speech:—

CURE OF RHEUMATISM AND SCORBUTIC ERUPTION.

The Elms, North Cheam Surrey, S., 4th March 1875.

"SIR,—I had been suffering from rheumatism for several years, together with scorbutic eruption of the skin, of a local nature, about the size of the palm of the hand, and was induced to try your Blood Mixture in consequence of two gentlemen in my neighbourhood having been cured of obstinate sore on the body. After taking two bottles I became much better, and continued it to the tenth bottle, when I found the rheumatism had left me, and my arm was healed. I consider it a most valuable medicine.

The PALL MALL BUDGET is composed of FORTY PAGES, in size and appearance like those of the PALL MALL GAZETTE.

The PALL MALL BUDGET also contains a complete, concisely written SUMMARY of NEWS, and is at once a Weekly Newspaper and a compendious Review of the Politics and Literature of the Week.

A SPECIAL EDITION, printed on Thin Paper for the Foreign Post, is published on FRIDAY AFTERNOON.

The SUBSCRIPTION, including POSTAGE, for the FOREIGN EDITION, printed on thin paper, is:—

INDIA AND CHINA, 8s. 2d. PER QUARTER.

All Subscriptions are payable in advance. Cheques and P. O. Orders to be made payable to HENRY LESLIE, and crossed London and Westminster Bank, St. James'-square.

OFFICES: 2, NORTHUMBERLAND STREET, STRAND, LONDON, W.C.

THE PALL MALL GAZETTE is a London Evening Paper, price Twopence, which was established in the year 1865 as an independent Liberal Newspaper and Review, and as such soon acquired a reputation as one of the Leading Organs of opinion in England. That its original character was Liberal as well as independent is sufficiently marked by the following announcement, which from its first issue and down to the present time has been published by way of advertisement to describe the objects and character of the Paper, and which is of itself a sufficient reply to an idea which has obtained in some quarters that the PALL MALL GAZETTE owed its position and success to its later extravagant advocacy of Jingoism:—

"THE PALL MALL GAZETTE—which is conducted on Liberal principles—contains all the latest Law, Police, Telegraphic, Monetary, and General Intelligence up to the hour of going to press.

"The PALL MALL GAZETTE also contains many original articles on Political and Social subjects' Reviews of Books, Criticisms upon the Theatre, the Opera, the Picture Exhibitions, &c., by independent and authoritative writers. The City Intelligence is made a great feature, and Foreign Correspondence appears in its pages."

Many improvements have recently been made in the contents of the Paper. It now contains an animated narrative of the Proceedings in Parliament, written by an eye-witness, a succinct and compressed summary of opinion from the Daily and Weekly Newspapers, and full Telegraphic Despatches from Special Correspondents at home and abroad.

In all respects the PALL MALL GAZETTE maintains its old traditions as an independent Liberal Journal.
